

My Visit to Castle in the Clouds

When we arrive, we will park in the parking lot. Then, we will have a short walk to **Carriage House**, where we will check in.

Everyone will get a sticker to wear for our visit.

Throughout my visit, I will see **Castle Team Members** wearing green shirts.

They can answer my questions and help me if I need it.

After checking in, I will get on the **trolley**.

We might have to wait a few minutes before the trolley starts moving.

I will take a short trolley ride. The road is steep, but I am safe in the trolley.

The trolley ride will take me to **Lucknow Mansion**.

When I get to Lucknow Mansion, I will go to the **Sun Parlor** to hear about the history of Lucknow Mansion.

This is also where I can get sunglasses, headphones, and fidgets.

Then, I will go into Lucknow Mansion. A lot of the objects in Lucknow Mansion are very old or easy to break, so I will look with my eyes and keep my hands to myself.

Some rooms have ropes to keep the objects safe. I will not cross the rope so I can help to keep the objects safe.

There are 2 floors of Lucknow Mansion that I can visit. There are so many rooms to explore! I can visit the rooms in any order.

There will be other people exploring Lucknow Mansion too. I will use my indoor voice so everyone can enjoy.

I cannot sit on any of the beds or most of the chairs because they are very old. Some of the chairs have tags saying I can sit in them. If I need to sit, I will sit in one of those chairs.

I can also go on the lawn. There are pretty gardens and a beautiful view of the lake and mountains!

When I am done at Lucknow Mansion, I will take the trolley back to the Carriage House.

My family and I may decide to do something else while we are at Castle in the Clouds, like eat at the restaurant or go on a hike, or we may go right home.

What a fun day at Castle in the Clouds!
